

Virtual Teammate Portal — Virtual Teammate (VT) Guide

*A step-by-step guide for Virtual Teammates, from your first login to your daily routine. The portal is where you see your assignments, join meetings, submit your end-of-day reports, chat with your team, view payslips, and grow with the company. This guide covers both **hired** VTs (placed with a client) and **on-pool** VTs (ready and waiting for a placement).*

1. Before you start

What you'll need

- The email address your account was created with.
- A temporary password from the Virtual Teammate team (there is no public sign-up).
- A modern browser. The portal also installs as an app on your phone (see §3) — handy for a

VT who's always on the move.

The address

The portal lives at [/portal/](#) on the Virtual Teammate site — e.g. <https://virtualteammate.com/portal/>. Bookmark it.

No password, or forgot it? There's no self-service reset. Message your CSM or support@virtualteammate.com and they'll reset it for you.

2. Your first login

1. Go to [/portal/](#).
2. Enter your **Email** and **Password** on the "**Log in to your dashboard**" screen and click

Log in. The portal sends you to your VT dashboard automatically.

1. Change your temporary password right away: open **My Profile**, and under ****Change password** **enter your current password, a new one (at least 10 characters), and repeat it. Click** Update password******.

You stay signed in until you log out or the session expires.

3. Getting around

Your menu depends on your status.

Hired VTs see the full menu:

- **Dashboard** — your home.
- **My Assignments** — tasks from your client/CSM.
- **My Meetings** — your scheduled calls.
- **Productivity Reports** — submit and review your end-of-day (EOD) reports.
- **Messages** — chat with your team.
- **My CSM & Teammates** — who manages you and who you work alongside.
- **Payslips** — your pay history.
- **Resources** — training and SOPs.
- **VTM Apps** — approved tools to install.
- **Refer A Friend** — refer someone and earn.
- **Notifications** — your alerts.
- **My Profile** — your details and password.

On-pool VTs (not yet placed) see a focused menu: **Dashboard, Productivity Reports, Messages, Resources, VTM Apps, Refer A Friend, Notifications,** and **My Profile**. Once you're placed with a client, the rest — assignments, meetings, payslips, and your CSM & teammates — appear automatically.

The top bar shows the page title, the **bell** with your unread count, your name, and a profile shortcut. On the Dashboard there's an **Install app** button.

Install the app (recommended). Click **Install app** to add the portal to your phone's home screen so you get push notifications and one-tap access. On iPhone, use Safari's **Share** → **Add to Home Screen**.

4. Your dashboard

Your daily launch pad. Depending on your status you'll see:

- **Your banner** — your photo, role, years of experience, and (if hired) your client and CSM

count. Quick buttons: **New EOD, Workday Tracker** (opens your time tracker), and **Edit photos**.

- **My profile** — a read-only summary: department, role, experience, software/EHR, English

level, status.

- **My client** and **My CSM** (hired VTs) — your placement and who manages you.
- **Recent EOD reports** — your latest daily reports, with a **New EOD report** button.

On-pool VTs see the same dashboard minus the client and CSM cards.

5. My Assignments — your tasks *(hired VTs)*

Open: My Assignments in the menu.

Every task assigned to you, with a stats strip (**Total, Active, Overdue, Due today, Completed**) and **List / Month / Year** views.

Each task shows its title, priority (Low/Normal/High/Urgent), due date (red if overdue), and status. To see the full details, links, and any attachments, click the task title.

To mark a task complete

1. Find the task in the **List** view.
2. Click the **checkbox** at the left of its row. The status flips to **Completed** and your

client and CSM are notified.

1. Click it again to **re-open** the task if needed.

You can update and complete the tasks assigned to you, but new tasks are created by your client or CSM.

6. My Meetings *(hired VTs)*

Open: My Meetings in the menu.

Your scheduled calls, each showing the date and time, the client, the other attendees, the topic, and the join link (Zoom, Google Meet, Teams, Webex, or phone). Times are in your local timezone. Click a meeting's join link when it's time to connect.

7. Productivity Reports & your daily EOD *(core daily habit)*

Open: Productivity Reports in the menu.

Your end-of-day (EOD) report is the heartbeat of your day — it keeps your client and CSM in the loop on what you accomplished and where you need help. The page has a **Workday Tracker** tab (quick access to your time tracker) and an **EOD Reports** tab (submit and review reports).

To submit an EOD report

1. On the **EOD Reports** tab, click **+ New report** (or **New EOD** from your dashboard).
2. Set the **Date** (defaults to today).
3. Optionally record a KPI: **KPI name** (e.g. *Calls handled*), **KPI target** (e.g. *40*),

and **KPI achieved** (e.g. *43*).

1. Fill in the short prompts:
2. **Best work today** — what went well or what you shipped.
3. **Help needed** — anything blocking you.
4. **Focus next** — what you'll tackle next.
5. **Pending / waiting on** — items waiting on someone else.
6. Click **Submit EOD report**. It appears in your history below, and your client and CSM can

read it.

You can expand any past report in the history list to review what you wrote. Aim to submit one at the end of every working day.

On-pool VTs: you can see this page, but you'll start logging EOD reports once you're placed with a client.

Logging your hours. Use the **Workday Tracker** button (on the dashboard or the Workday Tracker tab) to open your time tracker and log your working hours.

8. Messages

Open: Messages in the menu.

One-to-one chat with the people on your team — your CSM, your client, and your fellow VTs.

1. Pick a contact on the left (search by name, email, or role).
2. Type at the bottom and click **Send** — or press **Enter** (**Shift+Enter** for a new line).

New messages arrive without reloading and play a sound (mute it with the bell icon). Opening a conversation marks its messages as read.

9. My CSM & Teammates (*hired VTs*)

Open: My CSM & Teammates in the menu.

Your engagement at a glance: your **client** contact, your **CSM(s)**, and the **teammates** on the same account. Each person card has **Chat**, **Email**, and **Call** buttons so you can reach anyone quickly. Before you're placed you'll see "*No active engagement yet*" — it fills in once you join a client.

10. Payslips (*hired VTs*)

Open: Payslips in the menu.

Your pay history, synced from payroll. The top cards show how many records are available, your latest pay period, and your tracked payout total. The table lists each payslip, newest first. If you believe something's missing, contact HR.

11. Resources & VTM Apps

Resources — your training and reference library: a searchable **Help Center** (filter by **Operations / Admin / Support**) plus standard SOPs (attendance, time off, health benefits, and role-specific guides). Open any tile to read it.

VTM Apps — the directory of approved tools to install (communication, time tracking, and more). Each card has a button to download or open the app.

12. Refer A Friend

Open: Refer A Friend in the menu.

Know someone who'd be a great Virtual Teammate? Refer them:

1. Enter your friend's **name** and **email**.
 2. Add an optional **note** about them.
 3. Click **Send referral**.
-

13. Notifications & staying in the loop

Open: Notifications in the menu (or the top-bar bell).

Your inbox of alerts — new tasks, meetings, and messages — each linking to the right page.

- **Open**, **Mark as read**, or **Delete** items; **Mark all read** and **Delete all** sit at

the top.

- **Email notifications** — toggle on to also get email copies.
- **Push on this device** — after installing the app, toggle on for push alerts (great for not

missing a new task or message).

14. My Profile

Open: My Profile in the menu.

Update your **name**, **phone**, and **country** and click **Save profile** (email and role are fixed — ask your CSM if they need changing). Add a **profile photo** and **cover photo** (JPG/PNG/GIF/WebP, up to 8 MB), or paste a URL. Change your **password** on the right (10+ characters).

A complete, professional profile helps when clients review who's on their team — keep your photo and details current.

15. Signing out & quick help

- **Log out** from the bottom of the menu — always do this on shared computers.
- **Forgot your password?** Message your CSM or support@virtualteammate.com for a reset.
- **Not placed yet?** Stay sharp: keep your profile polished, complete your training in

Resources, and check **Messages** and **Notifications** so you don't miss an opportunity.

Quick reference — your daily routine

I want to...	Go to	Then
See today's tasks	My Assignments	Review the List view
Mark a task done	My Assignments	Click the checkbox on its row
Submit my end-of-day report	Productivity Reports	EOD Reports → + New report → Submit
Log my hours	Productivity Reports / Dashboard	Workday Tracker button
Join a call	My Meetings	Click the meeting's join link
Message my CSM or client	Messages	Pick the person → type → Send
Check my pay	Payslips	Review the ledger
Refer a friend	Refer A Friend	Fill in → Send referral
Change my password	My Profile	Change password → Update password
